LORNE

Lorne is a beautiful seaside town where bush and beach meet. Just two hours away from Melbourne's CBD and located along the state's most popular coastal routes - The Great Ocean Road, makes Lorne a great place to stop by, whether it's for a few hours or a few days, there are plenty of natural wonders to explore, cute local eateries and great places to stay.

STAY OCEAN HOUSE

Designed by Rob Mills, Ocean House is accommodation at it's finest - redefining the concept of a beachside/wilderness retreat, showcasing the ocean below and the forest above.

Offering spectacular views from waves crashing on the foreshore to the Lorne Pier and beyond, every corner of this holiday house is swoon worthy.

The clever floor plan allows it to easily accommodate up to 10 people across it's 5 bedrooms and three living areas.

While the main entertaining area boasts panoramic views of the ocean, it's the impressive circular main bedroom that'll make you want to change your boring rectangular bed to a circular one when you get back to your non Rob Mills designed home. Sigh.

Other notable features to enjoy would be the rooftop deck featuring an open air bath, polished concrete everything, floor to ceiling windows, the wrap-around terrace and deck with built-in barbecue, your forest backyard featuring some koalas and a kangaroo or two and so much more. Also theres a coffee machine and a waffle maker - breakfast is sorted!
